

Sonder Support Services

UQ has partnered with Sonder to connect you with confidential health and safety support from anywhere, whenever you need - free of charge

Track my journey

Stay connected day or night. Whether you're out and about, walking in the dark or on your daily commute, we monitor your progress throughout your journey until you no longer need us.

Check on me

Feel safe in any situation. Sonder can check up on you to make sure you're okay when you're meeting someone new or going somewhere unfamiliar.

Help alert

Immediate support. If you need urgent help, simply tap "send a help alert" to get connected instantly to our team, who are always here to help. They can assist you remotely or in-person.

Safety alerts

Helping avoid unsafe hotspots. We scan the environment for anything that may impact your safety. If you're near an unsafe location, we'll notify you immediately, and follow up to ensure you are safe.

Sonder has a variety of safety features to make you feel safe whenever you need it, wherever you are.

Sonder

In-app chat: 240+ languages

- Open the chat feature and start chatting in your preferred language. Sonder system will translate this and respond in your preferred language.

Phone or video: 300+ languages via translation service. To initiate a call with Sonder in a language other than English:

- **Chat:** Start a chat in your preferred language, tell Sonder you would like to speak in a language other than English (eg Thai), Sonder calls you back with Thai translator on the call.
- **Call to Sonder:** Call Sonder using the Sonder app, tell Sonder in English you would like to speak in a language other than English (eg Bengali), Sonder puts you on hold whilst a Bengali translator is added to the call.

Activate your account
